MS4 Municipal Compliance Certification(MCC) Form

MCC form for period ending March 9, 2013

Name of MS4

SPDES ID
N Y R 2 0 A 1 1 1

Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for each of the following positions as indicated below:

1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- Principal Executive Officer/Chief Elected Official
- Duly Authorized Representative
- Local Stormwater Public Contact
- Stormwater Management Program (SWMP) Coordinator
- Report Preparer

---	---	---	---	---	---	---	---	---

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village's Public Education and Outreach program will be tailored to describe topics related to the impacts of storm water discharges on local water bodies, pollutants of concern and their sources, and the steps that can be taken to reduce pollutants in storm water runoff and non-storm water discharges.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of storm water and/or pollution prevention newspaper articles published as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Education and Outreach program requirements. The Village published two storm water and pollution prevention articles in this reporting period.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the number of storm water and/or pollution prevention newspaper articles published as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Education and Outreach program requirements in the next reporting cycle. The Village will publish storm water and/or pollution prevention newspaper articles periodically throughout the year.

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village's Public Involvement and Participation program will incorporate stewardship activities that help to reduce pollutants of concern and encourage the general public, residents and businesses to become involved in storm water management and environmental stewardship events.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of cleanup events held in the Village as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Involvement and Participation program requirements. There was one cleanup event as part of the Earth Day and Arbor Day celebration in this reporting period.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the number of cleanup events held in the Village as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Involvement and Participation program requirements in the next reporting cycle. The Village will host and/or promote cleanup events in the next reporting period.

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village Illicit Discharge Detection and Elimination program will focus on identifying, locating, eliminating, reducing, and preventing illicit discharges to the Village municipal separate storm sewer system to the maximum extent practicable.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of illicit discharge detected as an indicator for measuring the overall effectiveness of the Village's compliance with the Illicit Discharge Detection and Elimination program requirements. There were no illicit discharges detected during this reporting period.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue following the procedures for Illicit Discharge Detection and Elimination described in the Village of Mineola Written Procedures for MCM3: IDDE and the CWP/USEPA Illicit Discharge Detection and Elimination: A Guidance Manual for Program Development and Technical Assessment. Illicit discharges will be investigated and eliminated according to the authority provided by the Village Illicit Discharges local law on a case-by-case basis.

7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village's Construction Site Storm Water Runoff Control program will provide equivalent protection to the NYSDEC SPDES General Permit for Stormwater Discharges from Construction Activity. This includes reviewing SWPPPs submitted to the Village for projects disturbing an acre or greater of land.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The threshold for a SPDES General Permit for Stormwater Discharges from Construction Activity is rarely met within the Village because almost the entire Village is developed and zoned to under an acre. The Village will review SWPPPs if they are submitted and plans to evaluate the number of SWPPPs reviewed as an indicator for measuring the overall effectiveness of the Village's compliance with the Construction Site Storm Water Runoff Control program requirements.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the number of SWPPPs reviewed as an indicator for measuring the overall effectiveness of the Village's compliance with the Construction Site Storm Water Runoff Control program requirements in the next reporting cycle. The Village will review SWPPPs as they are submitted for comment and approval. The Village will continue following the Village's Written Procedures for MCM 4: Construction Site Storm Water Runoff Control.

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Post-Construction Storm Water Management program will address storm water runoff from regulated (i.e., land disturbance of an acre or more) new development and redevelopment projects discharging to the Village's MS4 and provide equivalent protection to the NYSDEC SPDES General Permit for Stormwater Discharges from Construction Activity.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The threshold for a SPDES General Permit for Stormwater Discharges from Construction Activity is rarely met within the Village because almost the entire Village is developed and zoned to less than an acre. The Village will add applicable BMPs to the inventory as necessary and plans to evaluate the number of BMPs inventoried as an indicator for measuring the overall effectiveness of the Village's compliance with the Post- Construction Storm Water Management program requirements.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plan to continue evaluating the number of post-construction storm water management practices inventoried as an indicator for measuring the overall effectiveness of the Village's compliance with the Post-Construction Storm Water Management program requirements in the next reporting cycle. The Village will continue to follow the Village's Written Procedures for MCM 5: Post-Construction Storm Water Management.

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

<u>Operation/Activity/Facility</u>	<u>Self-Assessment</u> <u>Operation/Activity/Facility</u> <u>performed within the past 3</u> <u>years?</u>

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Pollution Prevention and Good Housekeeping for Municipal Operations program will address operations that collect, store or release sediments, wastes or other potential pollutants from Village owned or operated facilities and operations.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of catch basins cleaned annually as an indicator for measuring the overall effectiveness of the Village's compliance with the Pollution Prevention and Good Housekeeping for Municipal Operations program requirements. There were 83 catch basins cleaned in this reporting period. The Village temporarily decreased the catch basin inspection and cleaning schedule due to Superstorm Sandy response and recovery efforts.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue the ongoing catch basin inspection and cleaning schedule during the next reporting cycle. The Village will continue following the best management practices outlined in the Village's Best Management Practices for Municipal Facilities and Operations guidance document and the NYSDEC Municipal Pollution Prevention and Good Housekeeping Assistance Document as necessary.
