Village receives \$4.5 million from NY Forward

Governor Kathy Hochul recently announced that the Village of Mineola will receive \$4.5 million in funding as a Long Island region winner of the NY Forward program. The NY Forward program was designed to support development and implementation of a revitalization plan in community downtowns.

Mayor Paul A. Pereira stated, “The Village is grateful to Governor Hochul and her staff, the Empire State Development office, the REDC, and all those that saw the Village of Mineola as a worthy recipient of this NY Forward award. I would also like to thank our NYS senators, Jack Martins and Kevin Thomas, and our NYS Assemblyman Ed Ra for their support throughout this process. This award will be put to good use for the continued growth and development of Mineola’s downtown. The Village of Mineola has been leading the way in downtown revitalization, smart growth, and transit-oriented development for nearly two decades. Mineola has served as an example to other communities as to how you can both meet housing demands on Long Island while still protecting a suburban quality of life. This award not only vali-

dates the work that the Village has been doing for the last 20 years, but it also will help us prepare for the next 20 years. It will help the Village better prepare, among other things, its infrastructure for the continued growth and development of our downtown. I would also like to recognize the Deputy Mayor of the Village, Janine Sartori, Trustee Paul Cusato, and Tom Savino, our community devel-

opment coordinator, who, along with our Village Clerk, Bryan Rivera, was instrumental in getting this application in and over the goal line.”

The Village of Mineola is the first Long Island municipality to be certified as a “Pro-Housing Community” which will allow the Village to receive priority status when applying for certain NYS grants.

Village Launches Online Bill Payment Service

The Village of Mineola has launched a payment portal allowing residents to easily pay their water bills and Village property taxes online. The new portal is designed to provide a convenient payment experience 24/7/365 through its user-friendly interface.

Water customers who pay their bill online can use quick pay or create an account which will allow them to view account balances, due dates, consumption data and payment history. Property tax customers will be able to pay their bill by searching their name or address.

The system uses industry-standard encryption protocols to ensure that personal and financial data is protected throughout the payment process. A convenience fee will apply for credit and debit card transactions. These fees are paid directly to the credit and debit card companies and are not collected by the Village.

Go to the Village website at www.mineola-ny.gov and click on the “Online Bill Payments” button to get started!
