

October 2018

MINEOLA

The LIRR Expansion Project from Floral Park to Hicksville, one of the region's most significant transportation infrastructure projects, is now underway throughout the communities along a nearly ten mile stretch of mainline track.

During the month of October, you will see crews performing work in Mineola. Specifically, crews will close the current commuter parking lot and begin work on the future Harrison Avenue Garage, which, when complete, will provide more than 400 additional commuter parking spaces from what is currently available in the existing lot. Additionally, at Mineola Station, crews will clear overgrown vegetation. By way of explanation:

Harrison Avenue Garage Project

- Beginning Wednesday evening, October 3, the current commuter parking lot, located between Harrison Avenue and 1st Street, will close
- Heavy construction is scheduled to begin on Monday, October 8
- Crews will work from approximately 7:00 a.m. to 4:00 p.m. and, when necessary, will provide cones, flagmen and signage at the work site to minimize interruptions. No night work is anticipated
- There will be occasional partial lane closures at 1st Street and Harrison Avenue. 3rd Avenue will have daily partial lane closures
- In cooperation with Village officials, alternate locations for commuter parking will be provided

Vegetation Clearing and Removal

- Along the right-of-way, crews will clear overgrown vegetation to allow for continued safe operation of the LIRR
- This work will include tree removal and stump grinding along the right-of-way near Mineola Station
