APPEARANCES:	Jack Libert, Esq., Applicant’s Attorney
IN SUPPORT:	Craig Tompkins, Bohler Engineering John Harter, Atlantic Traffic Design and Engineers Anthony Sirizzotti, Architect Marc Steineberg, Marc Development

DECISION:

Mussina Mineola, LLC, on behalf of Walgreen's (hereinafter, "Applicant"), is before this Board pursuant to Chapter 550, Section 550.12(B) of the Municipal Code of the Incorporated Village of Mineola for a special use permit to establish a Walgreen's Pharmacy with food sale upon the property known as 12 East Jericho Turnpike, Mineola, New York (known and designated on the Nassau County Land and Tax Map as Section 9, Block 366, Lots 1-15, 70-75, 92) (hereinafter, the "Property").

Applicant also seeks final site plan approval for the establishment of a Walgreen's Pharmacy pursuant to Chapter 198, Section 198-6 of the Municipal Code of the Incorporated Village of Mineola.

By Notice of Disapproval, dated March 17, 2014, Applicant's building permit was denied. The Building Inspector determined that the proposed application is contrary to the Village's zoning regulations, specifically: the sale of food requires a special use permit. As a result of the application's noncompliance with zoning code regulations, Applicant was entitled to seek relief before the Board of Trustees for a special use permit.

A referral of the application was made to the Nassau County Planning Commission. The Nassau County Planning Commission has recommended that this Board take whatever action it deems appropriate. Based upon the evidence adduced at the public hearing, and the documentation submitted to the Board in support of the application, the Board makes the following findings of fact:

- 1) The applicant is seeking a special use permit to sell food in conjunction with a Walgreen's pharmacy upon the Property known as 12 East Jericho Turnpike;
- 2) The retail use (Pharmacy) is a permitted as of right use in the B-1 Zone;
- 3) The proposed use includes a 24-hour drive-thru window for the pick-up and drop-off of prescriptions only;
- 4) The applicant is proposing two (2) curb cuts on Jericho Turnpike and one (1) curb cut on Roslyn Road. The eastern most curb cut on Jericho Turnpike will be full movement, the western curb cut on Jericho Turnpike will be right in/right out, the curb cut on Roslyn Road will be all movements, except left turns out;
- 5) The proposed use will provide a desirable service and convenience to the Village;
- 6) The subject Property will provide adequate parking (71 spaces) to accommodate patrons of the proposed pharmacy;
- 7) Refuse will be carted by a private company at the expense of the applicant; and
- 8) Deliveries shall be during non-peak traffic hours and shall not be earlier than 7:00a.m. or later than 8:00p.m.

Based upon the above findings, it is hereby determined that the proposed use, subject to the conditions stated below, is harmonious with the “B-1” District, will conform to the general character of the neighborhood and that the public health, morals, safety and general welfare of such neighborhood will be secured by the granting of the requested Special Use Permit. Further, it is hereby determined that the Special Use Permit will provide a desirable facility to the area and will not be incongruous to the neighborhood by reason of excessive traffic.

IT IS THEREFORE RESOLVED, that the Final Site Plan Approval is **GRANTED** and that the Special Use Permit is **GRANTED** subject to the following conditions:

- 1) The Property shall be maintained in a clean and broom-swept condition at all times. All landscaping shall be properly maintained. Snow shall be removed promptly from all sidewalks surrounding the Property;
- 2) The garbage dumpster on the Property shall be maintained in a fully-enclosed area and the gates to the dumpster shall be closed at all times except during loading and pick-up. The garbage dumpster and surrounding area shall remain free from debris, odors or litter at all times. All putrescible waste shall be refrigerated indoors until pick-up;
- 3) Perimeter fencing around the Property shall be of closed construction, shall be six (6’) feet in height along Arlington Road and the eastern boundary line and shall be four (4’) feet in height along Roslyn Road. The design of the fencing shall be subject to approval by the Building Department. Fencing shall be graffiti-proof and any graffiti placed on the fence or building shall be removed immediately.
- 4) No sign shall have scrolling capabilities to advertise any promotions;
- 5) No entrance/exit on Arlington Road including during the construction phase of the project;
- 6) Closed-circuit security cameras shall be installed at the Property;
- 7) No outdoor storage shall be maintained on the Property;
- 8) Panel truck deliveries shall be made through the front entrance of the Building. Tractor trailer deliveries shall be made to the rear. The timing of deliveries to the proposed site shall be during non-peak traffic hours and shall not be earlier than 7:00a.m. or later than 8:00p.m.;
- 9) A full landscape plan shall be submitted to the Building Department for approval. The landscaping shall be appropriately irrigated and maintained at all times. A streetscape plan employing the paver, lighting and street furniture design pallet for Roslyn Road and Jericho Turnpike shall be submitted and, upon approval, implemented;
- 10) A “no left turn” sign shall be installed at the western Jericho Turnpike exit and at the Roslyn Road exit. Further, a “no left turn” sign shall be installed facing eastbound traffic on Jericho Turnpike regarding the western curb cut entrance;
- 11) All employees shall be required to park upon the Property;
- 12) All lighting shall be designed such that it shall shine upon the Property only and shall not be directed towards any neighboring residences;
- 13) No telecommunications towers shall be located at the site;

- 14) The site shall be served by a private sanitation carter at the expense of the applicant. Garbage pick-up shall be during non-peak traffic hours and shall not be earlier than 7:00a.m. or later than 8:00p.m.;
- 15) The Village shall maintain jurisdiction over the site, particularly with respect to the safety and convenience of entrance into and exit from the Property. In the event that such entrance/exit shall require modification, the Applicant shall make further application before the Board of Trustees for a amendment of this approval or the Board of Trustees shall direct such modification;
- 16) Each of these conditions is material to the approval granted by the Board of Trustees. Violations of any of them shall subject the applicant or it successors to enforcement pursuant to the Village's Municipal Code, including possible revocation of this special permit;
- 17) The representations made by Applicant on the record in this proceeding have been deemed material to this application and have been relied upon by the Board of Trustees in its deliberations and decisions. Said representations are deemed to be part of the conditions of this special permit; and
- 18) Violation of a condition set forth in this decision shall be deemed a violation of the Village Zoning Law and shall subject the owner or occupant of the Property to all penalties set forth in the Zoning Law.
