- 14) Applicant strictly performs mechanical work as opposed to auto body repairs;
- 15) There will be no storage of flammable gases upon the Property; and
- 16) Applicant does not perform towing services.
- 17) The proposed use, subject to the conditions imposed by this Board, will provide a desirable service and convenience to the Village;

Based upon the above findings, it is hereby determined that the proposed use, subject to the conditions stated below, is harmonious to the "M" District, will conform to the general character of the neighborhood and that the public health, morals, safety and general welfare of such neighborhood will be secured by the granting of the requested Special Use Permit. Further, it is hereby determined that the Special Use Permit will provide a desirable facility to the area and will not be incongruous to the neighborhood by reason of excessive traffic.

IT IS THEREFORE RESOLVED, that the Special Use Permit is **GRANTED** subject to the following conditions:
